A Textbook of Cost and Management Accounting

(12/e) M N Arora A Textbook of Cost and

Management Accounting provides the students
with thorough grounding in cost concepts, cost
behaviour and methods, and techniques of cost
and management accounting with an

understanding of the uses and limitations of cost
and financial data for managerial operations.

The text of the subject matter has been
presented in a student-friendly, simple and
intelligible manner. Every discussion involving
conceptual complexity is immediately illustrated
by a numerical example. In addition, the book
contains a liberal sprinkling of charts and
diagrams so as to make the subject easily
understandable and highlight its near points.

The subject matter has been organized on 'First

things first' basis for its logical presentation that sustains interest. The approach of the book is examination oriented. Thus, a good number of problems and solutions have been included in its chapters. Theoretical and numerical questions have been mostly selected from various examinations. Objective type questions have been given to serve as self-test by students. This is an ideal book for self-study.
