GCE AS Level Applied Business Single Award for OCR Robert Dransfield 2005 This full colour student book covers all of the mandatory units for students to achieve the Single Award, and is exactly matched to the specifications of OCR.

Applied Business Robert Dransfield 2005 Exactly what you need for the new AS level GCE in Applied Business These brand new books have been written to match the specifications of this new qualification and provide all the information needed - whether it is a single award or double award, with Edexcel or OCR. Four separate books ensure that students receive exactly the right support with no redundant material. Lots of activities add interest and give students the opportunity to work outside the classroom in the real business world. This helps to emphasise the vocational nature of the qualification. Case studies with questions give students real-life perspectives on business and the issues surrounding it. Marginal notes draw attention to key points and suggest relevant activities.

English Grammar and Learning Tasks for Tourism Studies Ma Ángeles ESCOBAR ÁLVAREZ 2010-10-28

Este libro desarrolla una gramática de la lengua inglesa a través de la puesta en marcha de una serie de tareas de aprendizaje en el campo de la industria turística, en las que se ponen en práctica las construcciones más prototípicas y frecuentes de la lengua inglesa en la comunicación oral y escrita. Los contenidos gramaticales se van desarrollando de forma paulatina a medida que aumenta la dificultad de su adquisición: de construcciones más sencillas a construcciones más complejas. El libro puede utilizarse en las clases de gramática de lengua inglesa para fines específicos en niveles B1, B2, C1 y C2.

Semantics James R. Hurford 2007-04-19 This practical coursebook introduces all the basics of semantics in a simple, step-by-step fashion. Each unit includes short sections of explanation with examples, followed by stimulating practice exercises to complete in the book. Feedback and comment sections follow each

exercise to enable students to monitor their progress. No previous background in semantics is assumed, as students begin by discovering the value and fascination of the subject and then move through all key topics in the field, including sense and reference, simple logic, word meaning and interpersonal meaning. New study guides and exercises have been added to the end of each unit to help reinforce and test learning. A completely new unit on non-literal language and metaphor, plus updates throughout the text significantly expand the scope of the original edition to bring it up-to-date with modern teaching of semantics for introductory courses in linguistics as well as intermediate students.

Educating Exceptional Children 2002 Selected articles from magazines, newspapers and journals covering the education of exceptional children.
