2026-05-01 THE HARMONYA CHRONICLES TELLS THE STORY OF SEVEN

EXTRAORDINARY WARRIORS AS THEY BATTLE AN ANCIENT EVIL TOGETHER.

The Harmony Chronicles |

Book 17 of the Dragon

Warriors | The War for Peace

— Part 3 Darkstar The sky has broken. The war has moved.

What was fought on the plains of Luminalis was never the end of it. Not even the height of it.

It was the threshold — the place where the war revealed what it truly was. Beyond the kingdoms that felt its

fracture... beyond the armies that carried its weight... there is a place where all of it was

always leading. Not reached by distance. Not found by searching. Darkstar. A world that does not exist within the order the Seven have fought to protect — but beneath it.

Behind it. At the point where the war was never reacting... only unfolding. Malakar waits there. Not gathering strength.

Not recovering from what has passed. Not preparing for what is coming. Waiting — in the way something waits when nothing has ever been outside

its reach. The war does not advance toward Darkstar. It contracts into it. What was spread across millions now draws inward. The scale that once defined the conflict

begins to collapse, not into something smaller... but into something more precise. The distance between battlefield

and origin dissolves. The difference between action and consequence begins to thin.

The Seven Dragon Warriors step forward — not as

commanders of what remains... but as the ones the war has been shaping toward this exact convergence. Every cycle, every loss, every held line and every broken one... carried into a single place where none of it can be deferred any longer. There are no reinforcements coming. No hidden phase waiting beyond this one. No expansion left to the war. Only arrival. Darkstar does not stand as a battlefield. It stands as a recognition. A place where what has been chosen must now exist without distance from its cost. Where what has been carried can no longer be carried at a remove. Where the war ceases to behave like war... and becomes something that does not allow anything within it to remain unchanged. Malakar does not move to meet them. He does not need to. What they have come to face... has always been here. And it has been waiting for them. The Harmony Chronicles is an ongoing series with several books planned for release from 2024 onwards.
