Study Guide and Workbook, an Interactive

Approach for Starr and McMillan's Human
Biology, Third Edition Jane B. Taylor 1999 Asks
the student to write all answers in this study
guide/workbook. This workbook is interactive
because it requires students to do things instead
of just read more material. All questions are
arranged by chapter modules so students may
skip unassigned material. Each module in the
study guide refers to the page numbers of the
corresponding module in the text. There is a
wide variety of questions: multiple-choice
questions; tables to be filled in; art to be labeled;
true/false questions requiring students to write
the correct answer if the statement is false;
thought-provoking conceptual questions;
boldfaced terms requiring a written definition;
list of objectives in fill-in-the-blank format; and
other types of questions.

Student Study Guide to Accompany Human

Biology Sylvia S. Mader 2003-08 This best-selling text emphasizes the relationship between humans and other living things. Intended for an introductory course, this text provides students with a firm grasp of how their bodies function and how the human population can become more fully integrated into the biosphere. An Online Learning Center, tied directly to the text via icons, will direct students to activities or animations that gives a "visual example" of difficult processes as well as "Working Together" boxes to emphasize homeostasis.
