Clinical Companion Study Guide for Mosby's Dental Hygiene

Susan J. Daniel 2008

This study guide companion to Mosby's Dental Hygiene:

Concepts, Cases, and

Competencies, 2nd Edition

draws the student in using a friendly question and answer

format that explains "how's,"

"what's," "where's," and

"why's" of the content. The

answers to these questions tie

into features from the main

text including the Insight

Statement, Learning

Outcomes, Case Studies, and

Case Applications. Review

Questions and answers as well

as Critical Thinking Activity

Worksheets encourage

students to practice their

knowledge and skills after

reading the text chapter and to

prepare for exams. Follows a

format consistent with the

main text and allows students

to become familiar with the

pattern and focus on learning

the content. A conversational

question and answer format

makes material less

intimidating and immediately

demonstrates the benefits of working on the exercises. Frequent references to main text content such as Insight Statement, Learning Outcomes, and Case Study, help student retain the information better through repetition. Critical Thinking Activities help students practice application of concepts to everyday life and reach a better understanding of the dental hygienist's role. Topics to Debate feature challenges students to consider the ethics and proper application of dental hygienist skills to real-life situations they are likely to encounter. Patient Education Links encourage students to access the Internet or Evolve site for additional sources or agencies for more information on topics related to the text. Encourages self-assessment with Process Performance forms that allow students to grade themselves on whether or not they have developed the skills necessary to meet the Learning Outcomes in the chapter. Review questions, answers, and

rationales at the end of the study guide help students review material and prepare for boards. Sample forms and patient education handouts provide sample dialogues and questions to ask patients when interacting in the dental office and help students contribute to successful dental hygienist practices.
