Towards the Horizon Kanna 2018-06-23 In *Towards the Horizon*, the author records the changes in the lives of the working class in the rubber plantation from where he originated seen from his point of view. Subtle and thought-provoking, the author invites the readers to recollect the plight of settlers in a rubber plantation in Malaya during the 1940s and their life thereafter all the way through to 2010s. Were the settlers treated fairly? From the plantation, where does the path of life lead to? Can a settler go against the odds to opt for a path other than what is destined for him? Can persistence change the destiny of a settler? A seventy-year-old epic tale of mixed emotions and ups and downs makes it a journey worth taking.

A Broken Mission John M. O. Igbokwe 2011-11-23 The storming and week-long occupation of the Embassy of Nigeria in the Philippines by students in 1986 had one purpose to fight apathy and turn the Mission towards its true mandate of serving the interests of Nigeria. Treachery had betrayed this purpose, leaving successive Nigerian envoys ever more deadened to the care of their charges. By the early to late 1990s, four known and two probable Nigerian citizens had been assassinated in cold-blood in various cities across archipelagic Philippines, in circumstances that were questionable and suspect. The Embassy of Nigeria was headed by Charge d'Affaires a. i. Samuel I. Ajewole, a Deeper Life fundamentalist, who had abdicated his responsibilities to a criminally-inclined, skirt-chasing Head of Chancery named Femi Akenson Rotimi. Fear had gripped the Nigerian Community which started to clamor for official show of concern and interest by the Mission in these wanton violations of human rights. The embassy, hiding behind indefensible diplomatic clichs sat on its hands and did nothing. As the agitation for action mounted, the Mission resorted to intimidation and death threats against one of its citizens leading to unprecedented polarization in the small Nigerian Community. *A Broken Mission* is the story of Nigerias failed diplomacy in the Philippines, based on the two-year crusade to reform the Embassy of Nigeria, Manila, following official indifference to these murders. The book chronicles the implacable advocacy for justice and clean embassy government that sought to force an inept, abusive and corrupt diplomatic Mission headed by a rogue, scandalous diplomat to reform and serve its community with respect and sensitivity.

The Korean Automotive Industry, Volume 1 A. J. Jacobs 2021-12-10 In 1962, South Korea assembled just 1,100 new automobiles. By 1996, this total had soared to 2,812,714. What explains this remarkable growth? The answer is complex, and involves a combination of a supportive State, timely technology alliances, a skilled but historically low-paid workforce, aggressive pricing, savvy entrepreneurs, and fortuitous circumstances. Despite this amazing ascent, comparatively little has been written about the Korean auto industry in English. In the first of a two-volume set, this 11-chapter book seeks to help fill this void by providing in-depth examinations of all six of Korea's automakers from their beginnings through 1996.

Uniquely written from the perspective of industry analysts at the time (without knowledge of the Asian Fiscal Crisis), the book should prove informative to practitioners, scholars, and students interested in automotive history, international political economy, Asian studies, and more.
