Digital Video Recorders Jimmy Schaeffler

"Digital Video Recorders" features a macro and micro views of the already established yet still burgeoning DVR industry. As part of the NAB Executive Technology Briefing series, this book gives you a wealth of market knowledge, business models, case studies, and industry insights explained in a non-technical fashion. industries and platforms, explains hardware, software and technology of set-top boxes, DVR infrastructure, on-screen guides, planning and scheduling, content security, and more. Whether you are an executive in the broadcast, telecommunications, consumer electronic, or advertising space, you will expand your knowledge on DVR impact, explore new business opportunities, and get a brief overview of the technical terms needed. You will also be able to accurately analyze and understand the trends, projections and other data, all of which will help lead to the expedited growth and development of DVR industry.

Nola Face Brooke Champagne 2024-04-01 Early in Brooke Champagne's childhood, her Ecuadorian grandmother Lala (half bruja, half santa) strictly circumscribed the girl's present and future: become beautiful but know precisely when to use it; rationalize in English but love in God's first language, the superior Spanish; and if you must write, Dios help you, at least make a subject of me. Champagne's betrayal of these confounding dictates began before they were even spoken, and she soon started both writing and hiding the truth about whom she was becoming. The hilarious, heartbreaking essays in this collection trace the evolutions of this girlhood of competing languages, ethnicities, aesthetics, politics, and class constraints against the backdrop of a boozy New Orleans

upbringing. In these essays, Champagne and members of her family love poorly and hate well, whip and get whipped, pray and curse in two languages, steal from The Man and give to themselves, kiss where it hurts, poke where it hurts worse, and keep and spill each other's secrets—first face-to-face, then on the page. They believe and doubt and reckon with the stories they tell about themselves and where they come from, finally becoming most human, most alive, in their connections to one another. *Screen Digest* 2003
