Icons of American Cooking Elizabeth S. Demers Ph.D. 2011-03-08 Discover how these contemporary food icons changed the way Americans eat through the fascinating biographical profiles in this book. Before 1946 and the advent of the first television cooking show, James Beard's *I Love to Eat*, not many Americans were familiar with the finer aspects of French cuisine. Today, food in the United States has experienced multiple revolutions, having received—and embraced—influences from not only Europe, but cultures ranging from the Far East to Latin America. This expansion of America's appreciation for food is largely the result of a number of well-known food enthusiasts who forever changed how we eat. *Icons of American Cooking* examines the giants of American food, cooking, and cuisine through 24 biographical profiles of contemporary figures, covering all regions, cooking styles, and ethnic origins. This book fills a gap by providing behind-the-scenes insights into the biggest names in American food, past and present.

Real Communication: An Introduction with Mass Communication Dan O'Hair 2012-01-16 Real Communication uses stories from real people and the world around us to present the best and most lively introduction to communication concepts. Professors and students alike have

fallen in love with Real Communication's down-to-earth writing style, its coverage of research, and its wealth of learning and teaching tools. They also appreciate how Real Communication strives to weave the discipline's different strands together with the CONNECT feature that shows students how concepts work and apply across interpersonal, small group, public speaking, and mass media contexts. The Second Edition is even better with a broader array of engaging examples, new coverage of hot topics in the field like Intercultural and mediated communication, plus a public speaking unit honed to provide the essential information students need for this fast-paced course. A new chapter on mass communication connects topics like media convergence, mediated communication, media messages, and media effects to everyday communication.
