

A Practical Guide To Compressor Technology

practical: Of, relating to, governed by, or acquired through practice or action, rather than theory or speculation. If you say that a person is practical, you mean the person behaves in ways that relate more to the realities of the world than to ideas or desires: Practical refers to something that is focused on actual use or practice, rather than being abstract or theoretical. It involves or is concerned with actual application, use, or action. PRACTICAL definition: of or relating to practice or action. See examples of practical used in a sentence. Practical refers to a person, idea, project, etc, as being more concerned with or relevant to practice than theory: he is a very practical person; the idea had no practical application. Practical refers to a person, idea, project, etc, as being more

concerned with or relevant to practice than theory: he is a very practical person; the idea had no practical application. A stapler is a practical object — it has a use. A hand-crocheted stapler cozy designed to keep a stapler warm at night? Not practical at all. Practical definition: Of, relating to, governed by, or acquired through practice or action, rather than theory or speculation. Practical refers to a person, idea, project, etc, as being more concerned with or relevant to practice than theory: he is a very practical person; the idea had no practical application. The meaning of PRACTICAL is of, relating to, or manifested in practice or action : not theoretical or ideal. How to use practical in a sentence.
