*Playwriting Across The Curriculum* Claire Stoneman 2013-03-01 First Published in 2012. This book is a guide to introducing the craft of playwriting into the secondary English curriculum at key stage 3, using the TEEP (Teacher Effectiveness Enhancement Programme) framework. The authors also provide a particular focus on applying this versatile scheme of work to other areas of the curriculum, including Citizenship and PSHE. *Playwriting Across the Curriculum* also contains schemes of work for: pupils with special educational needs (SEN); pupils with English as an additional language (EAL); adaptation to Adult Literacy Core Curriculum. Its coverage of specific plays as part of the scheme ensures that students will engage with contemporary writing in their learning. This is an essential resource for anyone wanting to teach playwriting at secondary school level.

*See One. Do One. Teach One: 12 lessons to support GCSE English* Martin Ferguson 2023-04-21 *See One. Do One. Teach One* provides a series of 12 engaging lessons for GCSE English pupils, with a particular focus on

CCEA specification. The lessons have been created for pupils of all abilities and are based on tried and tested methods within a classroom setting. Pupils learn through direct observation of each task. Each lesson will act as a springboard for NQTs or can provide an opportunity to review and refresh teaching approaches for GCSE English Language. Using Rosenshine's Principles for Instruction, the book primarily focuses on direct instruction and scaffolding, live modelling and annotation, and further opportunities to act on feedback using extension tasks. Pupils 'see' an example in action delivered by an expert; 'do' by completing a related task under the supervision of their teacher; and finally they 'teach' one another by using carefully constructed questions for micro teaching. Teaching the skill or task helps reinforce the knowledge learned and helps the student develop even further toward mastery. The 'Teach One' section includes structured questions to develop vital GCSE recall and oracy skills. Pupils work together to complete independent reading and writing tasks.

2012 GCSE English results Great Britain: Parliament: House of

Commons: Education Committee 2013-06-11 The 2012 GCSE English results prompted significant controversy, which ultimately resulted in an application for judicial review. This report sets out the background to these events and identifies lessons to be learned. The problems with GCSE English can be traced back to the 2007-09 development phase of the qualification- in particular the turbulence which resulted from the shift away from a mostly linear to a modular system, combined with a high proportion of controlled assessment and generous marking tolerances. Exam board experts raised concerns at the time, but these were not acted upon by the regulator (the then-interim Ofqual). Further difficulties arose because of pressures from the school accountability system. The problems experienced with GCSE English in 2012 highlighted serious weaknesses in the moderation of speaking and listening, with consequences for grade awarding. The current status of Ofqual, as an independent regulator accountable to Parliament, is the right one. However, the Coalition Government is bringing in wholesale changes to GCSEs and A levels, to a tight timetable and at the same time. Ofqual must have systems in place. The Committee is also concerned that there is a rush towards separate exam systems for England, Wales and Northern Ireland, without careful reflection on what might be lost, or consensus that this is the right thing to do.
