2006-04 To help prepare you for the Level II exam, this Study Guide provides three sample problems of the types presented on the exam. The 3rd edition includes the actual Sample Problem and Latent Pen from the Level II examination. It also provides you with an explanation of how the exam is constructed, how it is to be completed, and how it is scored. ISA's Certified Control Systems Technician (CCST) Level II Exam tests the knowledge, skills, and

abilities required to solve practical problems encountered everyday on the job. This exam presents a series of problems based on scenarios that present practical situations that you are likely to face (or have faced) on the job. Most of the situations are complex and many involve problems that are potentially hazardous.

Problems presented in the exam simulate as closely as possible the types of situations that you may encounter in actual practice.

Knowledge in the same eight domains listed for Level I is required for this exam as well.

The Level III Study Guide provides a selective, representative sample of questions like those

that make up the Level III Certified Control Systems Technician (CCST) examination. The 3rd edition has been rewritten to include new questions and answers that better reflect the difficulty of the Level III exam. The questions are divided into the eight performance domains covered on the exam; each domain contains the same percentage of questions that appear on the exam. The Study Guide includes an answer key to help you determine your level of preparation, along with tables directing you to books and other resources to study for areas that you need to brush up on.

ISA Certified Control Systems Technician (CCST) Program, Level I Study Guide, Version 2.0 ISA (Society) 1995-12 "[This study guide is] designed to provide a review of key content areas (domains) covered on the CCST examination and to familiarize the applicant with the type of questions that may be covered. Actual CCST examination questions ... are not included in this study guide."--Page 1.
