Lab Manual for Physical Science Bill W. Tillery 2016-02-09 The laboratory manual, written and classroom tested by the author, presents a selection of laboratory exercises specifically written for the interests

and abilities of nonscience majors. There are laboratory exercises that require measurement, data analysis, and thinking in a more structured learning environment, while alternative exercises that are open-ended "Invitations to Inquiry" are provided for instructors who would like a less structured approach. When the laboratory manual is used with Physical Science, students will have an opportunity to master basic scientific principles and concepts, learn new problem-solving and thinking skills, and understand the nature of scientific inquiry from the perspective of hands-on experiences. The laboratory manual is customizable via McGraw-Hill Create. The instructor's edition of the laboratory manual can be found under the Instructor Resources on the Physical Science Online Learning Center.

*Physical Science I Laboratory Manual* Michael Kazarinov 2016-01-30

This lab manual was designed to be a supplement to the textbook Earth Science, 15th Edition, and used in the lab-based Physical Science I course (It could be used with any lab-based Physical Science course as well).

Laboratory Manual for Conceptual Physical Science Paul Hewitt 2016-01-03 This guide provides simple, pre-class activities and experiments to complement instructors' courses. Instructions and answers to most of the laboratory questions are provided in the Instructor Manual.

Lab Manual for Shipman/Wilson/Todd's an Introduction to Physical Science James Shipman 2007-12 This Laboratory Guide contains 55 experiments in the five major divisions of physical science: physics, chemistry, astronomy, geology, and meteorology. Each experiment includes an introduction, learning objectives, a list of apparatus, procedures for taking data, and questions. In addition, many experiments call for calculations and the plotting of graphs, and this guide provides space and graph paper for those purposes.
