*Shooter's Bible Guide to Home
Defense* Roger Eckstine

2013-11-05 Do you feel
vulnerable in your own home?
The Shooter's Bible Guide to
Home Defense was written to
help you trade in your fears for
a feeling of vigilance,
readiness, and pride. This is
not a catalog of gimmicks,
gadgets, and drills that only a
Navy Seal can perform but an
intense look at how to fortify
your home discreetly and
protect yourself from home
invaders. Learn how to choose
weapons and use them under
stress. Gain legal perspective,

sharpen your verbal defensive skills, and learn how to recognize criminal intent. If the current climate leaves you feeling abandoned and defenseless, the Shooter's Bible Guide to Home Defense can put you on the path to becoming a proud sentry at the gates of your castle. Firearm expert Roger Eckstine examines how to evaluate the premises, how to choose various security systems, and how to safely interact with aggressors should someone invade your home. Other topics include: Minimizing hiding places Body language and verbal judo Improvised weapons Fight versus flight Coping with children or the elderly during an attack Once again, renowned firearms expert Eckstine delivers helpful tips and provides valuable information. The purpose of this book is to familiarize yourself with the basics that you need to know to defend your home.

The Legal, Ethical, and International Environment of Business Herbert M.

Bohlman 1999 This legal environment book offers balanced coverage of private law and public law. To illustrate the legal points covered, it integrates cases in the language of the court into each chapter. Strong ethical coverage helps the reader understand the need for responsible decisions.
