The ultimate goal of this text is to effectively prepare students to transition to Intermediate Algebra. One of the hallmark characteristics of Beginning Algebra is that makes the text easy to learn from is the building-block organization. Each section is written to stand on its own, and each homework set is completely self-testing. Beginning Algebra is a worktext, meaning the design is open and friendly with wide margins so you can encourage your students to take notes and work exercises right on the text page. Also with worktexts, images/visuals are used more frequently to convey the math concept so there are fewer words and less text for the student to read.
