Assistive Technology

Solutions for Aging Adults

and Individuals With

Disabilities Pandey, Rajiv

2025-01-15 Assistive

technology solutions enhance

the quality of life for aging

adults and individuals with

disabilities. These innovative

tools and devices support daily

activities, improve

independence, and promote

social engagement. From

mobility aids like walkers and
wheelchairs to advanced

communication devices and

smart home technologies,

assistive technologies cater to

a wide range of needs.

Continued research into this

technology may help create

more inclusive environments,

ensuring aging adults and

those with disabilities can

participate in their

communities. Assistive

Technology Solutions for Aging

Adults and Individuals With

Disabilities addresses the

challenges faced by adults and

individuals with disabilities

through exploration of effective

assistive tools. Various devices

and technologies are examined,

including their usefulness in

creating a more inclusive

community for those with

disabilities and specialized

healthcare needs. This book

covers topics such as

communication devices,

mobility aids, and visual

assistance, and is a useful

resource for psychologists, sociologists, healthcare professionals, computer engineers, academicians, and researchers.
