Real Business Plans & Marketing Tools Anne McKinney 2003 The first title in PREP's new Business Success Series is designed to help individuals who want to prepare paperwork related to starting, growing, selling, or marketing a business. The book contains real business plans for those contemplating entrepreneurship as well as for those who have an ongoing business which they are interested in selling. Readers will see samples of real business plans used by real organizations to sell a business to public companies. Readers will also see samples of documents, paperwork, and financial statements used by real companies to obtain equity financing and bank loans. A valuable section of the book is the section which shows marketing tools and "business resumes" used to attract new customers and increase profitability. (The author holds an MBA from the Harvard Business School.)

Managing Business Ethics Linda K. Trevino 2021-03-09 The eighth edition of *Managing Business Ethics* shows students how the study of ethics is relevant to real-life business decisions. This highly-regarded text empowers students with the knowledge required to identify, understand, and solve ethical dilemmas while promoting ethical behavior in themselves, in their friends and colleagues, and in their organizations. Authors Linda Trevino and Katherine Nelson offer a pragmatic approach to prepare students for professional roles as managers, compliance officers, human resources managers, senior executives, and others. Focusing on the types of problems that students will most likely encounter in their careers, this new edition includes carefully revised content that incorporates the latest research on ethics and organizational behavior. The authors integrate theory and practice to provide a balanced presentation of both classic and recent business ethics cases, examples, and approaches. Accessible and engaging chapters discuss ethics and the individual, managing ethics in an organization, the relation between organizational ethics and social responsibility, and more. Throughout the text, a diverse range of examples and case studies bring key concepts to life, while practical activities enable students to apply the concepts in their own lives and careers.
