

Beast Norseton Wolves English Edition

Beast Holley Trent 2015-05-25

The first installment in the Norseton Wolves shapeshifter romance series. Christina Stilton has waited all her life to become a wolf's bride.

Becoming mate to a stranger in a faraway pack is the only chance she has to escape her Appalachian life of poverty and abuse. She wants safety, but trusts The Fates to steer her toward love, too. Love is the last thing on Anton Denis's mind. He doesn't want to saddle some hopeful woman to him. A brutal fight left him scarred and half blind. He's a mercenary who can't drive, can't shoot straight, and on most days, can't even crack a smile. He fully intends to send his mate away-to give her a chance at being matched to some stronger wolf-but stubborn Christina is intent on staying. She might have been treated as a useless female back in Virginia, but her role in

Anton's small pack is clear. He needs to be loved and loved hard, and she's just the woman for the job. She just needs to convince him to get out of her way and let her do it.

The Norseton Wolves Mate Call Collection Holley Trent

2016-07-12 This collection contains the first four stories of the Norseton Wolves series. In these novellas, the Norsestion alpha plays matchmaker for the pack's lonely, rough-around-the-edges, single wolves.

CONTAINS: **BEAST** After a brutal fight left werewolf Anton Denis half blind, he closed himself off to the possibility of taking a mate. It'd take a special woman to love the man behind the scars, and meek Christina Stilton insists that woman is her. **LONER** Darius used to being on the fringes, but Stephanie understands how that feels all too well. He may lack polish, but he has the

tenderness that was lacking in Stephanie's previous relationships. They're both loners in their own ways, but if they can come together to find a common thread, the mates could ignite a romance hot enough to make them both howl. IDLER Lisa is convinced that her born-alpha mate has the potential to solve big problems, but not without incentive. He's a wolf with a troubled past, and if she pushes too hard, she'll lose his trust. She can't afford that. Colt may not only be the ticket to a better life for her sisters, but possibly the closest thing to a perfect mate a domineering Type A personality like her will ever find. SCION Old grudges form a seemingly insurmountable wedge between the Madeiras and Carbones, but the wolf goddess will only grant Vic and Ashley with perfect mates once. If they're to have a hopeful future in the Norseton pack, they must set aside the insults of the past. It may take a small miracle for them to manage it.

The Nature of the Beast

Carys Crossen 2019-10-01 The werewolf is an increasingly popular subject of academic study, and several monographs have been published in recent years. Of these, the closest in format and subject matter (e.g. the contemporary werewolf in popular fiction) are as follows: Chantal Bourgault Du Coudray, *The Curse of the Werewolf: Fantasy, Horror, and the Beast Within* (New York: I.B. Tauris & Co Ltd, 2006) Brent A. Stypczynski, *The Modern Literary Werewolf: A Critical Study of the Mutable Motif* (Jefferson, NC and London: McFarland, 2013) Kimberly McMahan-Coleman and Rosalyn Weaver, *Werewolves and Other Shapeshifters in Popular Culture* (Jefferson NC: McFarland, 2012)

Wolves, unleash the beast 2015 **Elder** Holley Trent 2016-11-04 Having lost part of his leg in an oilrig accident, Nixon Tucker accepts his friend's offer to join Norseton's new wolfpack. At the age of forty-one, Nixon is finally ready for some stability, but the wolf goddess doesn't make things easy for her

favored ones. She drops a broken single mom of two kids onto his path, and immediately, his inner beast takes notice. In spite of Esther Denis-March bearing another man's bite and scent, Nixon is more than willing let her complicate his life. She could give him the family he craves. With her abusive husband dead by her hands, Esther arrives in Norseton hoping her brother's pack won't send her away. She's certain that Nixon is the rightful mate her husband wasn't, but there are no guarantees he'll keep her. Wolf women aren't supposed to fight back, and she fears that telling Nixon what she's done will send him running. She doesn't know that Nixon's got insecurities of his own. He thinks a woman like her deserves a physically strong mate. He was once a threat to other alpha wolves, but he doubts he ever will be again.
