

Big Java 5th Edition

Big Java, Binder Ready Version Cay S. Horstmann 2013-01-04 This book introduces programmers to objects at a gradual pace. Optional example modules are included using Alice and Greenfoot. The examples feature annotations with dos and don'ts along with cross references to more detailed explanations in the text. New tables show a large number of typical and cautionary examples. New programming and review problems are also presented that ensure a broad coverage of topics. Cay will also add sections on problem solving, and a new, more approachable and visual design developed for JfE and BJLO is used.

Big Java 3rd Edition for Java 5 and 6 with BlueJ Companion Manual Set

Cay S. Horstmann 2008-07-10 No one brews up a better Java guide than Cay Horstmann and in this Third Edition of Big Java he's perfected his recipe. Thoroughly updated to include Java 6, the Third Edition of Horstmann's bestselling text helps you absorb computing concepts and programming principles, develop strong problem-solving skills, and become a better programmer, all while exploring the elements of Java that are needed to write real-life programs. A top-notch introductory text for beginners, Big Java, Third Edition is also a thorough reference for students and professionals alike to Java technologies, Internet programming, database access, and many other areas of computer science. Features of the Third Edition: The 'Objects Gradual' approach leads you into object-oriented thinking step-by-step, from using classes, implementing simple methods, all the way to designing your own object-oriented programs. A strong emphasis on test-driven development encourages you to consider outcomes as you write programming code so you design better, more usable programs. Helpful Testing Track introduces techniques and tools step by step, ensuring that you master one before moving on to the next. New teaching and learning tools in WileyPLUS--including a unique assignment checker that enables you to test your programming problems online before you submit them for a grade. Graphics topics are developed gradually throughout the text, conveniently highlighted in separate color-coded sections. Updated coverage is fully compatible with Java 5 and includes a discussion of the latest Java 6 features.
