California C7 Low Voltage Systems Contractor License Exam Review

Questions and Answers Mike Yu 2024-04-09 A CA communication and

low voltage contractor installs, services and maintains all types of

communication and low voltage systems which are energy limited and do

not exceed 91 volts. These systems include, but are not limited to

telephone systems, sound systems, cable television systems, closed-

circuit video systems, satellite dish antennas, instrumentation and

temperature controls, and low voltage landscape lighting. To earn the

license, one must pass the C7 exam. This book covers the trade exam.

340+ questions are included. We create these self-practice test questions

module referencing the concepts and principles currently valid in the

exam. Each question comes with an answer and a short explanation

which aids you in seeking further study information. For purpose of exam

readiness drilling, this product includes questions that have varying

numbers of choices. Some have 2 while some have 5 or 6. We want to

make sure these questions are tough enough to really test your readiness

and draw your focus to the weak areas. Think of these as challenges

presented to you so to assess your comprehension of the subject matters.

The goal is to reinforce learning, to validate successful transference of

knowledge and to identify areas of weakness that require remediation.
