Cake Bite Recipes Jordan Schultz 2015-12-17 Heaven In A Single Bite Cake balls are small round cake deserts made from the cake crumbs, dipped in chocolate or some other candy coating. They are made by adding some frosting and other ingredients to the cake crumbs and are shaped into small balls. These balls are then dipped in chocolate or some other coating and are sprinkled with toppings to look attractive and yummy. Originally, the cake balls were made from the leftover cakes to minimize the wastage of food stuff. But they are very famous these days. The best thing about these cake balls is that they can be made in different colours and there is a variety of ways you can decorate and present them. They can also be served as "cake pops" by inserting a lolly pop stick into the balls. They are simply fun. The crunchy coated chocolate or any other coating breaks into your mouth and blends with the creamy and soft frosted cake crumbs to take you to the new heights of pleasure and taste. They will make you forget everything. This cookbook contains 25 best and easy cake balls recipes that can be made at your home with the easily available ingredients.
