The Wolf of Wall Street by Jordan Belfort
Instaread Summaries 2014-02-01 With InstaRead Chapter-by-Chapter Summaries, you can get the essence of a book in 30 minutes or less. We read every chapter and summarize it in one or two paragraphs so you can get the information contained in the book at a much faster rate. This is an InstaRead Summary of The Wolf of Wall Street by Jordan Belfort. Below is a preview of the earlier sections of the summary:
Prologue: A Babe in the Woods It is May 1987, and Jordan Belfort is being led through the boardroom of LF Rothschild for the first time. Jordan feels out of place in his cheap blue suit. The room is filled with young, arrogant and expensively dressed stockbrokers. He might have just landed a job, albeit as a lowly connector. The lowest of the low, a connector spends the day dialing phone numbers and trying to get past the secretaries of potential clients. If successful, the call will be transferred to a broker who will sell them stock. Jordan's new boss, Scott, reminds the new recruit that he is unlikely to make it through the six months of grueling training. At the moment, twenty-four year old Jordan is down on his luck and facing huge debt from a failed business. He is hoping he can get past the stockbroker training and start making as much as the brokers that are surrounding him, even more than Scott. As Jordan sits down to wait for the markets to open, he is greeted by the firm's most successful broker, Mark Hanna. Mark is already impressed with Jordan, who had started to pitch stock advice already at his job interview. Mark advises Jordan to take plenty of breaks during the day and to take cocaine to help him dial faster. At 9.30am the markets open and Jordan begins his first day on Wall street. The noise in the room is deafening as stocks are sold over the phone to some of the wealthiest people in the USA. Jordan is exhausted by the time he is allowed to take a lunch break. Mark Hanna has noticed the high number of calls Jordan had passed to him during the morning. As a sign of gratitude, he invites the connector to join him for lunch in the penthouse restaurant. Mark doesn't eat

anything. He just drinks hard liquor and snorts cocaine. He offers both to Jordan. When the new recruit politely declines, Mark assures him that eventually Jordan will be using these vices to get through the day. In a few years, he will have been correct. Jordan will be making even more than Mark did now and employing many of the brokers that worked for LF Rothschild. This book is a reconstruction of a wild ride that occurred in Wall street history. It is told through the internal voice which Jordan often speaks of in the book. The 'voice' is often how he justified many of the manipulative and self serving behaviors in which he engages. Jordan grew up in middle class Queens, New York. He wants the reader to know that he was not brought up to behave the way he did during the 80s and 90s. Today he is a loving father committed to his children. He hopes that his serves as a cautionary tale to anyone who considers misusing their talents for greedy and evil purposes.

Things That Matter by Charles Krauthammer - A 30-Minute Chapter-by-Chapter Summary

InstaRead Summaries Staff 2013-11-29 With InstaRead Chapter-by-Chapter Summaries, you can get the essence of a book in 30 minutes or less. We read every chapter and summarize it in one or two paragraphs so you can get the information contained in the book at a faster rate. This is an InstaRead Summary of Things That Matter by Charles Krauthammer. Below is a preview of the earlier sections of the summary:

A WORD ON ORGANIZATION AND METHOD

This book includes original articles from newspapers and magazines, as well as five essays on several subjects. PART ONE: PERSONAL CHAPTER 1: THE GOOD AND THE GREAT Marcel, My Brother Krauthammer's older brother Marcel, also a doctor, was once brought to the Emergency Room in critical conditions, and yet was able to tell the clueless intern what to do to save his life. He was brilliant and brave. Growing up, Marcel taught Krauthammer many sports and shared his friends with him. They spent long and idyllic summers in Long Beach and were inseparable. Marcel died of cancer at the age of 59. (The Washington Post, January 27, 2006) Winston Churchill: The Indispensable Man Winston

Churchill, rather than Einstein, should have been Time Magazine's Person of the Century. Einstein was a genius with revolutionary ideas, but without him the world would have reached these findings sooner or later. Churchill, on the other hand, was indispensable. Without him the world would not be what it is today. Britain might have sided with the Nazis, and civilization would have rapidly declined. Churchill saved Western civilization from Nazism and Soviet communism. He favored some currently unpopular views, such as colonialism, but he was a man of his time. It took a 19th Century man to pave the way towards the 20th Century. (The Washington Post, December 31, 1999) Paul Erdos: Sweet Genius Erdos, a brilliant mathematician, kept working up until his death at the age of 83. A homeless nomad, he sought the hospitality of mathematicians around the world offering his brain in return. He was a Hungarian Jew, whose family was destroyed by Hitler. He was a gentle, generous and a gregarious genius. Once Erdos lent a poor student \$1,000 to go to Harvard. When the student, now an accomplished professor, offered to pay him back, Erdos told him to give those \$1,000 to another student in need. (The Washington Post, September 27, 1996)
