Gendered Lives Julia T. Wood 2003 Written by the leading gender communication scholar, this text introduces students to theories, research, and pragmatic information that demonstrates the multiple, often interactive, ways in which our views of masculinity and femininity are shaped within contemporary culture.

Communication Between Cultures Larry A. Samovar 2001 This book gives readers an understanding and appreciation of different cultures and provides them with the practical skills for improving their communication with people from other cultures. It provides excellent motivation for students through numerous compelling examples that force them to examine their own assumptions and cultural biases.

Study Guide for Use with Marketing, Tenth Edition David Nowell 2003
Interpersonal Communication Sarah Trenholm 2000 This text's learning model helps students improve interpersonal competence through conceptual understanding, modelling of realistic examples, practicing of skill-building exercises, self-assessment and translating learning into behaviour.

The Rhetorical Act Karlyn Kohrs Campbell 1996 Designed to improve students performance and their ability to act as sophisticated consumers of rhetoric, this highly-regarded text treats the rhetorical action as the joint creation of rhetor and audience, emphasizing the audiences active, participatory role.

Argumentation and Debate Austin J. Freeley 2005 This reviewer-praised text presents a clear and concise explanation of argumentation and provides models for good argumentation, particularly as it applies to academic debate.

The Challenge of Effective Speaking Rudolph F. Verderber 2000 Wadsworth's best selling Public Speaking text, the Verderbers' CHALLENGE OF EFFECTIVE SPEAKING, features a skills-oriented, mainstream approach that has effectively led hundreds of thousands of students through the challenges they face as they develop and deliver speeches. The speech making process is presented in a six-step framework based on classical and contemporary theory. The straightforward writing style and effective use of examples enables students to understand and effectively perform key speech making activities. The six-step framework emphasizes topic selection, audience analysis and adaptation, effective research (including appropriate use of Internet resources), organization (with emphasis on outlining), language and delivery. The six action steps are introduced in generic form and then later adapted to follow principles of informative and persuasive speaking.

The Speaker's Handbook Jo Sprague 2005 [This text is] a reference guide for the individual speaker and textbook for use in the public speaking course. [It] covers the issues one commonly confronts in preparing and delivering a speech.-Pref.

Public Speaking Deanna D. Sellnow 2003 Class-tested by over forty instructors for the past three years, Deanna Sellnow's exciting new textbook provides a contemporary and comprehensive alternative approach to the public speaking process. Reflecting the latest in communication research yet fully focused on the needs of today's students, 'Public Speaking' showcases both innovative and time-tested strategies to help readers learn and apply the skills necessary to become effective public speakers. Unique coverage of "learning styles" as they apply both to the speaker and audience is highlighted and integrated throughout the text. Students are taught how to assess their own learning styles and how to apply their knowledge of different learning styles both to their analysis of audiences and in the presentation of their speeches.

Building a Speech Sheldon Metcalfe 2004 Metcalfe's BUILDING A SPEECH, Fifth Edition, continues the tradition of providing proven texts at lower prices. With 20 chapters organized into five units, BUILDING A SPEECH guides students through a step-by-step process of acquiring public speaking skills by observation, peer criticism, personal experience and instructor guidance. Readings and exercises provide assistance in developing informative and persuasive speeches as well as research and speechwriting skills. This book establishes a caring environment for the learning process through a conversational style that aims to both interest

and motivate students, while conveying encouragement through topics such as apprehension and listening that will help students to realize that they are not alone in their struggles. It is grounded in the philosophy that students can master the steps of speech construction if provided with a caring environment, clear blueprints, and creative examples.

Persuasion Charles U. Larson 2001 The new edition of a textbook that examines how people receive and interpret persuasion in advertising, politics, popular culture, and the mass media. The author discusses persuasion theory, research, ethics, symbols, nonverbal communication, and cultural and psychological approaches to persuasion. Annotation copyrighted by Book News, Inc., Portland, OR.

Communication Theories in Action Julia T. Wood 1997 The theories presented show introductory students how communication affects everyday experiences and how theory can be applied to be more effective in relationships and activities. The text covers both historical and established theories, and focuses on a number of new theories that have emerged in recent years, such as cultural studies theories, critical theories, and feminist theories.

Case Studies in Interpersonal Communication Dawn O. Braithwaite 2000 The many narrative cases in this book offer dramatic, real-life snapshots of interpersonal theory in action. Written by established communication scholars and reflecting carefully conducted research, each case helps you apply abstract principles to specific situations, people, and relationships. As you read these cases, you'll also learn to appreciate how multiple communication dynamics work together to shape what happens in human interactions - for example, how a case focusing on self-disclosure also gives you insights into such issues as timing, context, and style of communication. And as you identify patterns revealed in the cases, you'll develop the ability to detect these patterns in your own interactions and ultimately make more informed choices about which patterns to foster and avoid in your interpersonal relationships.

Communication in Small Groups John F. Cragan 2004 "This acclaimed book guides you in developing communication skills that you can use with success in every group situation. John F. Cragan and David W. Wright -- together with new coauthor Chris R. Kasch -- effectively balance theory and process with skill development. They furnish an in-depth discussion of rules and strategies for effective problem solving, managing relationships, team building, role playing, leadership, and conflict management."--Back cover.

Communication Mosaics Julia T. Wood 2005 Julia Wood, a leading scholar in the field of communication, brings us a new edition of the extremely popular COMMUNICATION MOSAICS: AN INTRODUCTION TO THE FIELD OF COMMUNICATION. The new edition continues with the holistic approach to the field of communication by first explaining the basic processes central to all communication contexts (e.g. listening, perceiving, using verbal and nonverbal communication, establishing climate), and then applying these processes to various contexts (interpersonal, small group, public, organizational, intercultural, and mass communication). Through reviewer and student-praised "Student Voices" features, seamless and thoughtful integration of diversity, skill-building pedagogy and real-life examples, students are exposed to the vast world of communication and the tools needed to become effective

communicators. This book will provide readers with a clear understanding of the fundamental skills and processes that are a part of the broad array of communication encounters in personal, professional and public life in the 21st century.

Effective Small Group and Team Communication Judith Davis Hoover 2005 EFFECTIVE SMALL GROUP AND TEAM COMMUNICATION presents original research based upon the experiences of functioning groups. The text emphasizes an interactive approach to teaching small group communication and contains activities that tie into each chapter. Chapters on both face-to-face and virtual meetings are guided by a teamwork philosophy that encourages the use of shared emergent leadership in classroom groups.
