Practical Guidance for Strengthening Private Industry Councils 1991

Grounding Religion Whitney A. Bauman 2023-09-29 Now in its third edition, *Grounding Religion* explores relationships between the environment and religious beliefs and practices. Established scholars introduce students to the ways religion shapes and is shaped by human-earth relations, surveying a series of key issues and questions, with particular attention to issues of environmental degradation, social justice, ritual practices, and religious worldviews. Case studies, discussion questions, and further readings enrich students' experience. This third edition features updated content, including revisions of every chapter and new material on religion and the environmental humanities, sexuality and queer studies, class, ability, privilege and power, environmental justice, extinction, biodiversity, and politics. An excellent text for undergraduates and graduates alike, it offers an expansive overview of the academic field of religion and ecology as it has emerged in the past fifty years and continues to develop today.

**Dead River to Living Water** Tommy Poole 2023-04-18 "Will you love her, honor her, and cherish her for as long as you both shall live?" Tommy assented to this question not once, not twice, but three times. And each time, he stood before the same woman! Follow his story as he journeys from the Dead River swamp of South Georgia through the muddy waters of a sin-filled life as a rebellious teen, a disrespectful son, an arrogant US Marine, an unfaithful husband, and an absent father until, in desperation and on realizing his need for more than human help, he cried out to God! You will be inspired as his story unfolds. Just as the Samaritan woman at Jacob's well received a drink of Jesus's living water, changing everything for her, so it was for Tommy Poole. A life of sin being overcome by God's abundant, amazing grace and love and then the incredible joy of experiencing human forgiveness that comes after, which could only be the fruit of the Savior's example, all lead to a life of service in ministry for his Redeemer! Tommy journals how the voyage from this life's dead river to living water is possible for everyone! Comments from Pastor Gary Moyer, VP for Administration/Executive Secretary of the Carolina Conference "If you need encouragement that God is able to turn your life around for the better, you need to read this book. This is one of those easy, compelling reads I found hard to put down. I've known Tommy for years but never knew the whole, amazing story. Wow!" Comments from Thomas T. Hardy, Director and Speaker of the Layman's Guidepost, LLC. "What an amazing testimony! Absolutely amazing! I love the river/ water allegory and how it remains consistent throughout the book. The opening scene at the kitchen table is incredibly powerful! It drew me in immediately! Your early years were so intensely challenging with so many distinctive experiences. This story is something a lot of people will not be able to put down once they get started. It is almost like a movie! "Your raw honesty is very earthly and real, making your references to the spiritual concepts more voracious for the consumption of the reader. I love it! The impelling motives you give the reader at the end of most chapters kept me wanting more. Yet the horrors of the alcoholic demon that overshadowed your life gave me great insight about and empathy for your struggle, Pastor! "This is good stuff! Both interesting and spiritually compelling, this book grips the reader from the outset with scenes of gritty, fallen humanity inspired and transformed by the living waters cascading from the throne of God! The reader is invited to relive the journey of a man caught in the throes of the fallen nature, being miraculously lifted up by the hands of Jesus Christ from His cross. "Thank you so much for allowing me the privilege of reviewing this book! It has been a personal blessing to me in my faith walk, and I am sure that it will be a blessing to every soul who reads it."

**The End of the World** Tom McIver 1999 This bibliography contains careful and bias-free annotations of close to 3,500 works written over many centuries about the end of the world, predominantly but not entirely from a Christian perspective. The books, pamphlets, websites, and selected other media cover a wide variety of eschatological beliefs--from the numerous fundamentalist scenarios to the mystical and the violent--and include such topics as the Tribulation, the Rapture, the Millennium, Armageddon, the Second Coming, the Antichrist, and the Apocalypse. Works on other major religions (such as Judaism, Islam), the mythos of popular cultures (Mayan prophecies, Norse Ragnarok), UFO, occult and psychic theories (Heaven's Gate, Nostradamus), and secular theories (Y2k+ computer chaos) can be found. The work is in four parts (plus indexes). Entries in the pre-1800 part are arranged chronologically beginning with the Books of Enoch in the second century BC. Other entries are arranged alphabetically within the three chronological subdivisions of 1800-1910, 1910-1970, and post-1970. All include full bibliographic information and annotations regarding format, type of work, theme, the author's background, the category of theories espoused, distinctive or notable characteristics, the intended readership, and the significance of the work. There are cross-references to works by the same author. An introduction describes major types of beliefs, outlines basic Fundamentalist end-of-the-world scenarios, summarizes Biblical sources, and explains important terms, concepts and relationships among sources. The work is extensively indexed by author, title, and subject.

*The Cardiac Care Unit Survival Guide* Herzog 2012 This book is geared toward cardiologists, trainees, and housestaff --anyone who rotates or practices in the CCU--who must grasp the subtleties when treating patients in a cardiac care unit. It is organized in a way to help you understand the simplified pathophysiology of the disease, the diagnosis modalities, the initial critical care management in the CCU, the clinical care in a step down unit and plan for discharge therapy. Dr. Herzog has developed unified pathways for the management of patients presenting with acute chest pain or its equivalent, acute heart failure, atrial fibrillation and flutter, syncope, cardiac arrest, hypertension and hyperglycemia. Algorithms and pathways for management are provided in each chapter for easy implementation in any health care system. In addition, because specialized units are frightening to the patients and their families, there is a section in each chapter on what the patient and family need to know, that encompasses a capsulated explanation of the condition and treatment management. A companion website accompanies the text that includes fully searchable text and patient information.
