Beware of Imitators Several new books on California gun laws have recently appeared on the market. Many appear to be derived, at least in part, from our work and rely heavily on AI-generated content. Only California Gun Laws reflects more than 30 years of real-world legal experience and deep, comprehensive knowledge of California and federal firearm law. For decades, California Gun Laws has been the trusted legal resource for firearm owners, firearms dealers, attorneys, law enforcement, and industry professionals seeking accurate, practical, and authoritative guidance.
