McAvoy 2015-05-15 (Ruthless People #3) "Villains by Choice." Betrayed. Melody is nowhere to be found, Liam is in jail, and the Callahan family is cracking, just as Avian Doers, the FBI Director and puppet master behind their downfall, planned. But just because they're down doesn't mean they're out. To fight back, Liam and Melody will have to put everything on the line. The kid gloves are coming off, and no one is getting out alive.

Nothing will compare to the reign of terror that is about to envelope the entire country. First they were Ruthless, now they are pure Savages. The end is here, and no one is safe... McAvoy 2015-01-22 Ruthless People #2 "One Secret, Multiple Casualties."

Everything Melody Callahan has ever been told about her past is a lie. Her father lied. Her husband lied. But like all secrets...they come out. Not only is her mother, Aviela, alive but she won't stop until she tears down everything Liam and Melody have spent the past year building. With a new target on their back and the media now focused on their family as the Presidential election approaches, Liam and Melody must fight on two battlefronts. Melody is torn

between being in love with Liam and wanting to kill him for lying to her. Being in love and showing love are two different things in her world. Liam wants to do anything to protect his family, even if that means hurting the people he loves. Family is everything... but what happens when they're out for your blood? Everything they have been through is nothing compared to what is coming... 2023-05-09 Experienced journalist Nona Gregory has just been assigned a story that could catapult her career into

the stratosphere—that is, if she can get the most reclusive young architect in the state to open up about his work. Nona's typical no-nonsense, professional approach isn't going to fly with this design aficionado, so she'll have to take extra measures to ensure she gets the full truth for her write up. Architect Ken Yamada is known for his unique designs, not for his social skills. He's an introvert who needs alone time to fuel his creativity—that, and the contentment he gets from playing drums with his friends and bandmates in the Queen City Gents. When he hears a reporter has been sniffing around for information about his personal life, he isn't pleased. His displeasure is somewhat softened when he finally meets the beautiful woman who wants to know all about him. But he's still not ready to reveal his inner life to the world. Their shared love of music, and mutual dedication to their work soon creates a bond between them. But he has secrets he simply can't reveal,

even though she's loathe to take no for an answer. Will their stolen moments together lead to pain, or could their connection lead to a lasting love? STARDUST was originally published as Tempo of Love by Harlequin Kimani in summer 2017. Details about the hero have been slightly altered to reflect increased cultural awareness. Readers of this updated re-released version will enjoy a bonus epilogue, catching up with the lead couple, as well as exclusive access to tons of digital goodies including games, downloadable content, behind the scenes videos, and more!

*Ruthless People* J.J. McAvoy 2014-07-14 Ruthless People #1...the book that started it all..... To the outside world, they look like American royalty, giving to charities, feeding the homeless, and rebuilding the city. But behind closed doors is a constant battle for dominance between two bosses, cultures, and hearts. Ruthless People is a romantic crime fiction set in modern day Chicago and follows the life and marriage of

Melody Giovanni and Liam Callahan - rivals by blood and leaders through fear. Theirs is an arranged marriage with the goal of ending years of bloodshed between the Irish and the Italians. Liam assumes he's getting a simple-minded wife, one he can control, one who bends to his every need...he'll soon find out that his wife to be does not fit that mold. Melody knows exactly what type of man Liam is and would rather die than give up the power she has spent her life earning. The mafia of the past has evolved, and with rival bosses gunning for their family, Melody and Liam will have to learn to work as one to take down those who stand in their way. It has been eight years since the Callahans defeated Avian Doers and conquered Chicago. Melody is now the Governor and public face of the family, while Liam rises as the Ceanna Conairte of both the Irish and Italians. Their reach is limitless; their power endless...but is it possible to have too much power? Can Liam and Melody raise a family, a city, and an empire? Only a fool would try to stop them now...
