services in an economy. Learn all about the fields of economics, microeconomics, macroeconomics, finance, and capital markets with hundreds of videos, articles, and practice exercises. Mar 22, 2026 · Economics is a social science that studies how individuals, businesses, governments, and nations make decisions about allocating limited resources. It examines how goods and services ... Aug 20, 2023 · Economics is a social science discipline that investigates how individuals, businesses, governments, and societies allocate scarce resources to satisfy their unlimited desires and needs. Economics is the study of how humans make decisions in the face of scarcity. These can be individual decisions, family decisions, business decisions or societal decisions. One of the fundamental principles of economics, described by Adam

Smith in “The Wealth of Nations”. Work can be undertaken more efficiently if broken up into discrete tasks. In the 20th century, English economist Lionel Robbins defined economics as “the science which studies human behaviour as a relationship between (given) ends and scarce means which have alternative ...
