Middle School Life Science

Judy Capra 1999-08-23 Middle School Life Science Teacher's Guide is easy to use. The new design features tabbed, loose sheets which come in a stand-up box that fits neatly on a bookshelf. It is divided into units and chapters so that you may use only what you need. Instead of always transporting a large book or binder or box, you may take only the pages you need and place them in a separate binder or folder. Teachers can also share materials. While one is teaching a particular chapter, another may use the same resource material to teach a different chapter. It's simple; it's convenient.

World of the Cell Wayne M. Becker 1999-11 Contains detailed solutions for all the end-of-chapter problems. For the student.

Life Science, Grades 6 - 8

Raham 2008-09-02 Connect students in grades 6 and up with science using Science Tutor: Life Science. This

effective 48-page resource provides additional concept reinforcement for students who struggle in life science. Each lesson in this book contains an Absorb section to instruct and simplify concepts and an Apply section to help students grasp concepts on their own. The book covers topics such as patterns in the living world, energy flow, levels of organization, and descent and change. It is great for use in the classroom and at home!
