## **Antisubmarine Warrior in**

**the Pacific** John A. Williamson 2005-03-06 "The author details the challenges of communal life aboard ship and explains the intense loyalty that bonds crew members for life. Ultimately, Williamson offers a portrait of himself, an inexperienced naval officer who, having come of age in Alabama during the Depression, rose to become the most successful WW II antisubmarine warfare officer in the Pacific."--Jacket.

The Art of Decision Making Helga Drummond 2002-02-15 Science reassures, art disturbs (Proverb) This intriguing exploration of underlying forces in decision making takes as its starting point a wealth of high profile decision disasters. In brilliantly readable analyses, Helga Drummond shows how better awareness of the inherent uncertainties of the decision making process could have made the outcomes very different. Examples showcased

include: The Hatfield rail crash  
The Kursk submarine disaster  
The Challenger disaster  
The year 2000 fuel crisis  
The WWII Dardanelles expedition  
The Barings Bank collapse  
The Taurus Stock Exchange Project  
The Hillsborough tragedy  
The King's Cross underground fire  
The Millennium Dome  
This entertaining yet instructive book offers new insight into the realities of decision making, and shows how you can confront them to improve your prospects of success.

Hampshire Fire Ins Co) The Far Traveler Nancy Marie Brown 2008 "Brown's enthusiasm is infectious as she re-teaches us our history." The Boston Globe "Five hundred years before Columbus, a Viking woman named Gudrid sailed off the edge of the known world. She landed in the New World and lived there for three years, giving birth to a baby before sailing home. Or so the Icelandic sagas say. Even after archaeologists found a Viking longhouse in Newfoundland, no one believed that the details of Gudrid s story were true. Then, in 2001, a team of scientists discovered what may have been this pioneering woman s last house, buried under a hay field in Iceland, just where the sagas suggested it could be. Joining scientists experimenting with cutting-edge technology and the latest archaeological techniques, and tracing Gudrid s steps on land and in the sagas, Nancy Marie Brown reconstructs a life that spanned and expanded the bounds of the then-known world. She also

sheds new light on the society that gave rise to a woman even more extraordinary than legend has painted her and illuminates the reasons for its collapse. "Brown rightly leaves scholarly work to scholars. Instead, her account presents an enthusiastic appreciation of her education in how fieldwork and literature offer insights into the past." "The Seattle Times" "[Brown has] a lovely ear for storytelling." --"Los Angeles" "Times Book Review" NANCY MARIE BROWN is the author of "A Good Horse Has No Color" and "Mendel in the Kitchen." She lives in Vermont with her husband, the writer Charles Fergus."

**Popular Controversies in World History** Steven L.

Danver 2010-12-22 Covering prehistoric times to the modern era, this fascinating resource presents pro-and-con arguments regarding unresolved, historic controversies throughout the development of the world. Popular Controversies in World History: Investigating History's

Intriguing Questions offers uniquely compelling and educational examinations of pivotal events and puzzling phenomena, from the earliest evidence of human activity to controversial events of the 20th century. From the geographic location of human origins, to the authenticity of the Shroud of Turin, to the innocence—or guilt—of Sacco and Vanzetti, Popular Controversies in World History: Investigating History's Intriguing Questions provides four volumes on the ongoing debates that have captivated both the historical community and the public at large. In each chapter, established experts offer credible opposing arguments pertaining to specific debates, providing readers with resources for independent critical thinking on the issue. This format allows students, scholars, and other interested readers to actively engage in some of the most intriguing conundrums facing historians today.

*Theaitetos* Andrew Hartwig  
2022-01-17 This work is part of the *Fragmenta Comica* series which aims to provide commentaries and translations to all the surviving fragments and testimonia of the comic poets of ancient Greece. This volume offers the first scholarly commentary and sustained study of several late fourth-century BCE poets of the so-called New Comedy - among them Philippides of Athens, a writer and dramatist highly esteemed in antiquity, known especially for his acrimonious clashes with Athenian demagogues and his influential friendship with foreign kings. All fragments are subject to close textual, linguistic and stylistic analysis, and are interpreted against the wider literary, social and historical background of the period. This volume will be a valuable reference work for scholars and students of ancient comedy, as well as anyone interested in ancient literature more generally and the broader historical and cultural contexts in which

these texts were written.

*The Diversity of Management*  
Jean-Louis Barsoux 2016-07-27

Twelve lively accounts are given, based on searching interviews, of very different kinds of managerial jobs. They paint a picture of what the job is like, the work that the individual does, and how he or she feels about it. The jobs are compared and lessons are drawn for career guidance, selection and management development as well as how far managerial skills are transferable. The accounts can also be used as case studies and questions are provided for students.
