## **Gospel Shaped Worship**

**Leader's Guide** Jared Wilson

2015-04-13 Leader's Guide for the Worship track of Gospel Shaped Church from The Gospel Coalition, exploring how a church should be a worshipping community.

Gospel Shaped Church is a curriculum from The Gospel Coalition that will help whole congregations pause and think carefully and prayerfully about the kind of church they are called to be. This seven-week whole-church curriculum explores what it means to be a worshipping community. The Leader's Guide contains everything you need to lead this flexible course. Christians are people who have discovered that the one true object of our worship is the God who has revealed himself in and through Jesus Christ. For most believers, worship is what happens for an hour on Sunday morning as we sing

and pray together. But the Bible reveals a much bigger vision for what worship really is and how it should shape our lives. So what exactly is worship? What should we be doing when we meet together for "church" on Sundays? And how does that connect with what we do the rest of the week? As we search the scriptures together we will discover that true worship is more than this-it is to encompass the whole of life. This engaging and flexible resource will challenge us to worship God every day of the week, with all our heart, mind, soul and strength. This flexible resource will train your whole church through teaching, preaching, daily reading and small-group Bible study and discussion-or any combination of those elements. The overall aim is that your church will embark on a journey to discover the kind of people they should be as they are

shaped by the gospel of Jesus Christ. Works alongside the Gospel Shaped Worship DVD and the Gospel Shaped Worship Handbook for use by church members.

This revised edition of the popular book includes stories, Scriptures, and thoughts to warm your heart throughout the season, as well as devotions by Jacob Armstrong and a new fifth chapter for Christmas Eve/Christmas Day. Also available are resources for a five-session study, including a Leader Guide, DVD, and resources for youth and children.

**Jesus in the Gospels: Leader Guide** Leander E. Keck

2010-09-01 The leader guide provides guidance and the suggested schedule for weekly group sessions to enable discussion in small groups of what persons have discovered in their individual reading and study. Two pages of guidance per session include directions for using the related two-part

video segment, procedures for group activity and study related to daily assignments, guidance for use of Gospel Comparisons in group study of Scripture, and questions for discussion. The portion of the weekly meeting when the group studies Scripture as a community recognizes the importance of and opens the way to reading Scripture aloud and hearing Scripture read aloud in the group.

readers learn about the integrity of each stage of the international leadership research process with examples and discussions. Part I introduces philosophical traditions of the leadership field and discusses how established leadership and followership theories and approaches sometimes fail to capture leadership realities of different cultures and societies. Part II focuses on methodological challenges and opportunities. Scholars share insights on their research practices in different stages of international and cross-cultural studies. Part III is forward-looking in preparing readers to respond to complex realities of the leadership field: teaching, learning, publishing, and applying international and cross-cultural leadership research standards with integrity. The unifying thread amongst all the chapters is a shared intent to build knowledge of diverse and evolving leadership practices and phenomena across cultures and societies. The handbook is

an excellent resource for a broad audience including scholars across disciplines and fields, such as psychology, management, history, cognitive science, economics, anthropology, sociology, and medicine, as well as educators, consultants, and graduate and doctoral students who are interested in understanding authentic leadership practices outside of the traditional Western paradigm.
