*Comanche Woman* Joan Johnston 2002-11-26 In  
this captivating prequel to the New York Times  
bestsellers *The Cowboy* and *The Texan*, Joan  
Johnston tells the story of a woman kidnapped  
by Comanches—and the proud warrior who vows  
to make her love him. Living as a Comanche, the  
son of a white father and his Indian bride, Long  
Quiet secretly dreams of making Bayleigh  
Stewart, daughter of the richest cotton planter

in Texas, his wife. When Bay is stolen from her  
home by marauding Indians, she seems lost to  
Long Quiet forever . . . until a twist of fate brings  
her back to him—a gift from the Comanche  
whose life he saved. Bay has lived among the  
Indians for three long years when a stranger  
who looks like a Comanche—but speaks perfect  
English—awakens a passion that burns hot and  
true. Bay yearns for home, but Long Quiet is  
determined to convince Bay that her home is  
with him. As they soon discover, they must both  
give up something of themselves while fighting  
for a love strong enough to bridge two worlds.

*This Must Be the Place* Milton Brasher-  
Cunningham 2015-11-01 Connects the metaphor  
of home that runs through the stories of our

faith with the deep desire to belong and to feel wanted. The author writes, "One of the characters in Robert Frost's 'Death of a Hired Man' says, 'Home is that place where, when you go there, they have to let you in.' I have found that place in my marriage, around our dining room table for Thursday Night Dinners, with friends who have helped me make a mosaic out of the shards of my fractured past. Home, for me, means to belong, to feel wanted." As a writer, chef, and minister, Brasher-Cunningham has spoken to churches, taught cooking classes, hosted dinners, and found as many ways as possible to get people together to talk about food and faith. That discussion turns often to what it means to live life together, which is an entry point to talk about what it means to feel at home together.

**Human Rights in Africa** Eunice N. Sahle 2019-02-01 This edited collection explores key human rights themes and situates them in the context of developments on the African continent. It examines critical debates in human rights bringing together conceptually and empirically rich contributions from leading thinkers in human rights and African studies. Drawing on scholarly insights from the fields of constitutional law, human rights, development, feminist studies, public health, and media studies, the volume contributes to scholarly debates on constitutionalism, the right to water, securitization of development, environmental and transitional justice, sexual rights, conflict and gender-based violence, the right to

development, and China's deepening role in Africa. Consequently, it makes an important scholarly intervention on timely issues pertaining to the African continent and beyond.

*The Halcyon Dislocation* Peter Kazmaier 2012-09-26 After a risky physics experiment transports the island University of Halcyon to a new world, engineer Dave Schuster and his fellow students struggle to survive in this alien, hostile environment. As tyrannical forces within the University use the catastrophe to strengthen their power and control, Dave encounters an even greater menace which threatens the very existence of their fledgling colony.
