**Alfetta** Ed McDonough 2005 The Alfa Romeo 158 & 159, or 'Alfetta', as it was usually known, is the most successful racing car of all time. Launched on to the voiturette racing scene in 1938 it achieved considerable success before WW2 and was brought out again after the war and raced in the period 1946 to 1948 and 1950 to 1951 - the first two years of the Formula 1 World Championship. For much of this time the car was nearly unbeatable. The author has researched the complete history of this legendary car, from conception to retirement, and beyond. Interviews with some of the last surviving personalities associated with the car, and many archive photographs bring the history to life, while a test drive of a restored car provides a unique insight into what it was like to be behind the wheel of the Alfetta.

Alfa Romeo 916 GTV and Spider Robert Foskett 2013-03-01 Alfa Romeo 916 GTV and Spider traces the complete story of the Alfa Romeo GTV and Spider models produced between 1994 - 2005, commonly known to enthusiasts by the manufacturer's project code as the 916 series. The 916 models would always be controversial - they replaced the iconic Spider, the best-selling Alfa Romeo sports model of all time, and the brand-establishing Alfetta GTV. Sharing components and a platform

with a humble Fiat hatchback, would the cars ever be considered 'real' Alfa Romeos? The cars were critically acclaimed, and, though they faced tough competition in the late 1990s from the likes of the Audi TT, they remained in production for over a decade.
