## **Strengthening Research Capacity and Disseminating New Findings in Nursing and Public Health**

Malini 2018-07-17 Andalas International Nursing Conference (AINiC) is a dedicated conference aimed at researchers in nursing, public health and other health sciences topics. The 1st AINiC 2017 was held in Padang, West Sumatra, Indonesia, from 25-27 September 2017. The conference theme was "Strengthening Research Capacity and Disseminating New Findings in Nursing and Public Health". This event was successful in bringing together experts, researchers, healthcare professionals, and students worldwide. It was an inspiring occasion for most of the participants and was a great opportunity for research development learning, especially with regard to disseminating new findings in nursing and to stimulate networking of nursing professionals, researchers and educators. The research topics that were presented during the

conference have clearly indicated the need for literature development and guidance of clinical practice decisions. We hope this conference has provided ample opportunities for participants to gain a more in-depth understanding of knowledge and renewed perspectives. All these aspects have been acknowledged by the participants during the conference. The 1st AINiC was a rewarding event and we look forward to your attendance and participation in the next AINiC conference that will also provide stimulating research developments, networking and cooperation.

2014-03-28 Critical Thinking TACTICS for Nurses: Achieving IOM Competencies, Third Edition is a user-friendly and practical manual focusing on the day-to-day realities of doing, learning, and evaluating critical thinking in nursing. With clear examples of both the parts and the whole of this complex process, each chapter includes action learning activities to promote critical thinking: Tracking, Assessing, and Cultivating Thinking to Improve Competency-based Strategies or TACTICS.
