Beginnings & Beyond Ann Miles Gordon 2004
Beginnings & Beyond is the tool students need to develop vital skills necessary to become successful teachers and caregivers. They will

come to thoroughly understand the fundamentals of early childhood education through a discussion of the topic from an historical perspective, present-day issues and future trends. In this sixth edition, the authors have emphasized multiculturalism and NAEYC's developmentally appropriate practice to support the viewpoint that there is more than one correct way to care for and educate young children.
