The Vietnam War Files Jeffrey P. Kimball 2004
 "The new evidence uncovers a number of behind-the-scenes plays - such as Nixon's secret nuclear alert of October 1969 - and sheds more light on Nixon's goals in Vietnam and his and Kissinger's strategies of Vietnamization, the "China card," and "triangular diplomacy." The excerpted documents also reveal significant new information about the purposes of the linebacker bombings, Nixon's manipulation of the POW issue, and the conduct of the secret negotiations in Paris - as well as other key topics, events, and issues. All of these are effectively framed by Kimball, whose introductions to each document provide historical context."
