This book aims to fill that gap. The book draws on the author's own experience and research and that of generations of investment professionals and academics to explain the fundamentals of investment strategy. Key features are therefore: Foreword by George Keane (founder and former president of Commonfund, won the first ever Lifetime Achievement Award from Foundation & Endowment Money Management) one of the icons of endowment fund management in the US Aimed at professional trustees An holistic approach to strategy Avoidance of jargon and mathematics Focus on principles underlying asset strategy
