- Course
Level Index
- Geographic Index

All information was supplied by
the institutions. Entries include

current contact information, a
description of the institution
and the courses offered, grade
level and admission

information, tuition and fee
information, enrollment
periods, delivery information,
equipment requirements,
credit and grading information,
library services, and
accreditation.

Introductory Chemistry for Today Spencer L. Seager 2004

Distinguished by its superior allied health focus and integration of technology, Seager and Slabaugh's **INTRODUCTORY CHEMISTRY FOR TODAY**, Fifth Edition continues to lead the market on both fronts through numerous allied health-related applications, examples, boxes, and a new Companion Web Site, **GOB ChemistryNow**(tm).

In addition to the many resources found in **GOB ChemistryNow**, this powerful new Web site contains questions modeled after the "Nursing School and Allied Health Entrance Exams," and **NCLEX-LPN "Certification Exams"**. The authors strive to dispel users' inherent fear of chemistry and to instill an appreciation for the role chemistry plays in our daily lives through a rich pedagogical structure and an accessible writing style that provides lucid explanations. In addition, Seager and Slabaugh's **CHEMISTRY FOR TODAY**, Fifth Edition, provides greater support in both problem-solving and critical-thinking skills. By demonstrating how this information will be important to a reader's future career and providing important career information online, the authors not only help readers to set goals but also to focus on achieving them.
