Media, Telecommunications, and Business Strategy Richard A.

Gershon 2013-07-18 With today's dynamic and rapidly evolving environment, media managers must have a clear understanding of different delivery platforms, as well as a grasp of critical management, planning, and economic factors in order to stay current and move their organizations forward. Developed for students in telecommunications management, media management, and the business of media, this text helps future media professionals understand the relationship and convergence patterns between the broadcast, cable television, telephony, and Internet communication industries. The second edition includes updated research throughout, including material on major business and technology changes and the importance of digital lifestyle reflected in e-commerce and personalized media selection, such as Netflix and iTunes, and the growing importance of Facebook and social networking from a business perspective.

The NexStar User's Guide Michael Swanson 2012-12-06 Celestron's NexStar telescopes, along with Meade's ETX and LX ranges, together dominate the international market for affordable computer-controlled "go to" telescopes. Michael Swanson has written this complete, detailed guide to buying, using and maintaining NexStar telescopes to appeal to all buyers - or potential buyers - of these telescopes. It contains just about everything, from basic descriptions of models to technical details of alignment and even programming. Although this book is highly comprehensive, it is suitable for beginners - there is a chapter on "Astronomy Basics" - and experts alike. Every NexStar owner - and anyone thinking of buying a NexStar - will want this book!
