The American Civil Rights Movement: Readings and Interpretations Raymond D'Angelo 2001 This new reader comprises an extensive collection of primary and secondary documents of the American Civil Rights movement. These documents are complemented by analytical and interpretive essays by the editor, setting these documents in their historical, social, and political context. The seeds for the modern Civil Rights Movement were planted nearly a century ago within the black Baptist Church, labor unions, the black press, and organizations like the NAACP and the SNYC. Each of the seven sections of this book present a carefully chosen selection of newspaper, magazine, and journal articles, letters, speeches, reports, and legal documents, all chronicling the one aspect of the movement for black rights from the earliest days of post-Civil War segregation to the present. The works of eminent scholars, historians, legislators, and jurists alternate with the voices of movement leaders and followers, black politicians, black entertainers, and average citizens, all blending together to tell the story of struggle, failures, and successes on the road to equality for Black Americans.

**Historical Sources on the Civil Rights Movement** Chet'la Sebree 2019-07-15 When most Americans think of the civil rights movement, they think of the organized struggle for equality in the 1950s and 1960s. However, the civil rights movement actually has its roots in the Reconstruction era of the late nineteenth century as the country tried to rebuild itself after the Civil War. In this book, students will read accounts from early civil rights activists and leaders like Ida B. Wells-Barnett and Booker T. Washington, as well as from mainstays of the later movement like Martin Luther King Jr. and Malcolm X. Other primary sources, such as poems and Supreme Court decisions, fill in the details about the fight against racial injustice in the United States. Students will gain a better understanding of the long road to the Civil Rights Act of 1964, which ended segregation.
