**Débuts (Student Edition) + Listening Comprehension**

**Audiocassette** H. Jay Siskin 2002-02 An innovative new film-based program designed to motivate and inspire beginning French students. Based on the French film, *Le Chemin du retour*, *Débuts* is a completely integrated program for the first year French course. *Le Chemin du retour* is a two-hour feature-length film, divided into twenty-two episodes and an Epilogue. Each episode includes on-screen pre- and post-viewing activities that make the film accessible to students. Episodes are about fifteen minutes in length and correspond to the chapters in the textbook.

Over eight hours of viewing bring the richness of French language and culture to beginning students, while at the same time exposing them to clear and natural French that they CAN understand. *Le Chemin du retour* is an engaging story about a young French journalist, Camille Leclair, and her pursuit of the truth about her grandfather's past. Through Camille's quest, students are introduced to many facets of today's French and Francophone cultures as well as to important historical events in France. They learn language in the functional context provided by the film, and concepts are reinforced by the on-screen activities that help students verify their comprehension. *Débuts*, the textbook, is coordinated with the individual episodes of the film and offers students additional pre-and post-viewing activities. Vocabulary and grammar presentations and exercises recycle and expand on dialogue and concepts in the film and also help students to talk about their own lives. Finally, the cultural content of the film is further explored in cultural notes and readings in each chapter.

**Looseleaf for Débuts: An Introduction to French Student Edition**

H. Jay Siskin 2011-05-31 Welcome to *Débuts*: a completely integrated film-based introductory course for learning French language and culture. The film narrative of *Le Chemin du retour* is what drives the scope and sequence of vocabulary and grammar, the presentation of culture, and the development of reading and writing. A two-hour feature-length film, *Le Chemin du retour* is the story of a young television journalist, Camille Leclair, and her pursuit of the truth about her grandfather's mysterious past. Through Camille's quest, students learn language and culture in the functional context provided by the story. The textbook/film package grew out of the authors' conviction that language learning is more than just learning skills: it is also a process in which understanding of culture must surely occupy a central position. Therefore, *Débuts* and *Le Chemin*

du retour emphasize the importance of cultural awareness and understanding, not only of French and Francophone culture, but also of the student's own culture. In addition, the Débuts program contains both literary and cultural readings, as well as a playlist of Francophone songs, to provide even more authentic input to students on current or provocative topics, allowing for more student interaction in class. There is also CourseSmart eTextbook version of this title available. Students can save up to 50% off the cost of a print book, reduce their impact on the environment, and access powerful web tools for learning. Faculty can also review and compare the full text online without having to wait for a print desk copy. For maximum portability, e Textbooks can be viewed on an iPhone or iPod Touch, and they can be printed.
