Calculate the driving distance and directions including major highways and cities between stops to check along the way! Find local businesses, view maps and get driving directions in Google Maps. Step by step directions for your drive or walk. Easily add multiple stops, see live traffic and road conditions. Find nearby businesses, restaurants and hotels. Explore! Whether you're measuring the distance between two cities, towns, villages, or even precise street addresses, this tool provides accurate results in both kilometers (km) and miles (mi). Simply enter any desired location into the search function and you will get the shortest distance (air line) between the points, the route (route planner) as well as all important information. Click Calculate Distance, and the tool will place a marker at each

of the two addresses on the map along with a line between them. The distance between them will appear just above the map in both miles ... Distance calculator helps in calculating mileage and distance between two cities, places, locations, points, zipcodes, coordinates, or addresses on map.
