At the age of five he wrote his first piece of music - a "very modern" waltz. When his father, a conductor and conservatory teacher, heard it he said, "It must be discouraged, an artist's life is much too difficult in the United States." In 1912 the Luenings moved to Munich, where Otto studied flute at the Royal Academy. Soon after World War I began, Luening fled to Zurich, where he studied with the legendary Ferruccio Busoni and played in the Tonhalle Orchestra under such conductors as Richard Strauss. In Zurich he found a patron in Edith Rockefeller McCormick. He also acted in James Joyce's theater group and took part in some of the bizarre musical projects of the Dadaists. Back in America in the twenties, he worked as a pit musician in a Chicago movie theater, played vaudeville piano, and organized the American Grand Opera Company. His reputation as a composer, conductor, and performer soon earned him a position at the Eastman School of Music, and from there he went on to teach at the University of Arizona, Bennington College, and Columbia University. Luening has been a vital force in American music for many years. As the composer of *Evangeline* and as conductor of world premieres of Gian Carlo Menotti's *The Medium* and Virgil Thomson and Gertrude Stein's *The Mother of Us All*, he has fostered the growth of American opera. One of the first to compose electronic music, he has also been tireless in his work as a composer and educator to alert Americans to their musical heritage. Here is the delightful story of one man's adventures in the republic of music, and his excursions to Hollywood, Tunisia, the Cologne studio of Karlheinz Stockhausen, and the Acadian towns of Nova Scotia and Louisiana, where he wrote his opera. Here also is the story of his relationships with such different personalities as Martha Graham, Harry Partch, Edgar Varese, and Carl Sandburg. A pioneer, musical roustabout, and faithful servant of his art, Otto Luening affords us through his memoirs a vivid and full picture of twentieth-century musical life.

[Recorder for Absolute Beginners](#) Helen Winter This book is for kids or adults who are absolute beginners in music. We tried to write it as simply as possible. We use an "easy-to-play" visual aid so any beginner can play music quickly. No previous knowledge is necessary. Every song has a large and simple letter-coded visual, along with traditional sheet music. The instruction is designed so that children begin with simple circles and gradually advance to reading notes using sheet music. We try to make this transition as easy as a game, where children advance to higher levels themselves. There are 22 songs and 2 options to help children begin to play right away. PLAYING BY LETTER CIRCLE PLAY WITH THE MUSICAL STAFF The player can first follow the circles and then repeat with the classic note symbols and staff. The helpful letters are always above the notes. There are 3 parts in this book. They are equal to 3 levels. Level 1. Songs that are played in one octave. All songs here appear twice: once written with circles and the next time with classic music notes. This will help kids remember the staff notes. Level 2 In this part, you will find one version with both circles and notes and a more advanced version of the song with notes and musical notation. For example: Hot Cross Buns - Version 1 - CIRCLES Hot Cross Buns - Version 1 - NOTES Hot Cross Buns - Version 2 - NOTES (Here, the player will

play songs in a different key and learn how to transpose.) Generally, the version of the song written with sheet music is a little bit more complex than a letter-coded version. Such versions already have music notations such as rests or beams, etc. You can find an illustrated explanation of the notation at the beginning of this book. Level 3 Here, the first two songs are versions of the same melody (different combinations of notes) written with circles and notes. This is important so that the beginner can see how the same melody can be played in different keys. First of all, this book is addressed to newcomers to the recorder instrument. Also, it is a perfect self-training guide for children and beginner adults to mastering the challenges of flute or recorder.
