Erickson 2008 "This book is a potent reminder of

what it means when teachers teach whole human beings--their minds, hearts, and souls.

Erickson helps us recall what all great teachers know: quality teaching is about building young

lives."--Carol Ann Tomlinson, Professor,

University of Virginia Author, The Parallel

Curriculum "Erickson sets the standard for concept-based curriculum. Her work offers a

theoretically rich and eminently practical

approach for constructing curriculum around

rich, transferable concepts. The third edition

extends this seminal work for the benefit of

educators and their students."--Jay McTighe,

Educational Consultant, McTighe and Associates

Author, Understanding by Design Help students

analyze and synthesize information for a deeper

understanding of big ideas! This updated edition

of the classic bestseller on curriculum design for

quality instruction provides practical structures,

planning tools, and specific classroom examples

of effective teaching strategies. The author

focuses on the need for curriculum and

instruction that allows students to move beyond factual learning to a level of understanding where knowledge transfers readily to new situations and thinking becomes integrated. The book's wide-ranging topics include: Aligning local curriculum with state and national content standards Using brain-based teaching methods Developing higher-order thinking skills Assessing and reporting student progress Creating a lifelong love of learning in students This invaluable resource encourages teachers to create an educational environment that challenges students' personal intellect, engages their spirits, and fosters a greater understanding of the world around them.
