**The Complete Book of
American Muscle Supercars**

Tom Glatch 2016-09-01

Uncover the captivating history of the highest-performance cars in America, illustrated with beautiful photography. The American muscle car began not in the factories of the big three automakers, but in the garages and dealerships of a hot-rod subculture bent on making the hottest, highest-performance cars on the street. The Complete Book of American Muscle Supercars catalogs these amazing cars, along with the builders who unleashed them on the American scene. From Michigan's Royal Pontiac dealership and the souped-up Royal Pontiac Bobcats they

built and sold, to the new cars from such fabled names as Carroll Shelby, Mr. Norm's Grand Spaulding Dodge, Nickey Chevrolet, Don Yenko, George Hurst, Baldwin-Motion, Calloway, SLP, and Steve Saleen. This gorgeously illustrated book chronicles the outstanding contribution of the tuner/builder to American automotive history through the amazing machines they created. From the oldest of these muscle tuners commanding top dollar at today's classic-car auctions, to the latest vehicles by Ford and Chrysler, with their SVT and SRT divisions, this book gives readers a full and fascinating look at American high-performance in its purest form. Norris 2006-12 Published for more than 50 years, this annual covers the year's main motoring events, from Formula One to the latest styling studies and concept cars, and takes an overview of the period it has chronicled. Famous photographers look back and select their favourite images from more than five decades of racing.

Pioneers & Icons of Australian Motorsport Bill Pearson
2025-02-21 The author has captured in words and lavish illustrations (many of his own that have never been seen before), the stories of over one hundred men and women whose personal motor racing journeys paved the way to establish and explode this sport. They did so both locally and overseas, showing that Aussies were as good as the world's best when it came to not only skill behind the wheel but also in the design and manufacture of the fastest cars, and in organising events of the highest level and regard. Most of these names are extremely well known by all

Aussie petrol heads-household names admired around any backyard barbecue. Just the mention of their names brings nods of respect. But you will additionally read accounts of some very significant lives and racing achievements you previously knew nothing about-and some are quite simply amazing. There's our first woman to race commercially overseas. Just how she got there is incredible. Then you share the exploits of an illegal inter-capital record holder who went to New Zealand to break the land speed record, the farmers whose sons and grandsons became racing dynasties, and the home-grown mechanics and car builders whose designs obliterated all competition. Strap yourself in and hang on. It's gonna be a bloody wild ride!
