Montessori Assessment Playbook National Center for Montessori in the Public Sector 2019-04-29 Can we measure what we treasure? Can we

build and sustain truly excellent schools focused on the ambitious goal of human flourishing? And can we hold ourselves accountable to the children and families we serve in ways that harness data to advance that goal? The National Center for Montessori in the Public Sector says "yes"! The Montessori Assessment Playbook shows us how to do it. Organized around 33 discrete tools, the Playbook provides a clear and actionable scaffold for building an assessment protocol that captures compelling student outcomes, such as perseverance, compassion, and creativity, and that links those outcomes to the investments we make to classrooms and schools. Emphasizing both coherence and precision, the Montessori Assessment Playbook shows us how to develop and implement a comprehensive assessment framework focused on human flourishing and, just as important, why such a framework is urgently needed.
