The Sarashina Diary Sugawara no Takasue no Musume 2014-07-22 A thousand years ago, a young Japanese girl embarked on a journey from the wild East Country to the capital. She began a diary that she would continue to write for the next forty years and compile later in life, bringing lasting prestige to her family. Some aspects of the author's life and text seem curiously modern. She married at age thirty-three and identified herself as a reader and writer more than as a wife and mother. Enthralled by romantic fiction, she wrote extensively about the disillusioning blows that reality can deal to fantasy. The Sarashina Diary is a portrait of the writer as reader and an exploration of the power of reading to shape one's expectations and aspirations. As a person and an author, this writer presages the medieval era in Japan with her deep concern for Buddhist belief and practice. Her narrative's main thread follows a trajectory from youthful infatuation with romantic fantasy to the disillusionment of age and concern for the afterlife; yet, at the same time, many passages erase the dichotomy between literary illusion and spiritual truth. This new translation captures the lyrical richness of the original text while revealing its subtle structure and ironic meaning. The introduction highlights the poetry in the Sarashina Diary and the juxtaposition of poetic passages and narrative prose, which brings meta-meanings into play. The translators' commentary offers insight into the author's family and world, as well as the fascinating textual legacy of her work.

Symbol and Substance in Japanese Lacquer Barbra Teri Okada 1995

Published in conjunction with a fall 1995 exhibition of the Ehrenkranz Collection at the Japan Society in New York City. An introductory essay details the processes of harvesting, refining, and applying lacquer, and gives a historical overview of the evolution of specific techniques. Fifty-five examples from the 15th to the 18th centuries are shown in full-page photos, and are thoroughly described and explicated in accompanying text. A glossary of technical terms and a detailed bibliography contribute to the book's usefulness for collectors, scholars, and dealers. Annotation copyright by Book News, Inc., Portland, OR

The Crucial Bridge Thomas L. Brodie 2017-06-15 The Elijah-Elisha narrative (1 Kgs 16:29-2 Kgs 13) is the most underestimated text in the Bible. Far from being a disparate collection, it is actually a carefully crafted double drama that both mirrors life and synthesizes systematically the entire Primary History (Genesis-Kings). In a bold hermeneutical move it transforms the language of historiography-of patriarchs and kings-into the language of prophetic biography. This prophetic biography, rooted in historiography, later becomes the evangelists' primary literary model. The Elijah-Elisha narrative is the crucial bridge between the foundational narratives of Judaism and Christianity. Since the 1970s there has been increasing evidence that Scripture texts that at first sight appear fragmented are in fact unified. Judges is a striking example of this. Because of the earlier exegetical models used, Judges was often regarded as a collection of rugged traditions that were independent of one another. Now, however, these apparently disconnected stories are intimately interconnected. Brodie

explains that, as with earlier research on Judges, the quest for history-for underlying traditions-has tended to obscure the existing narrative account. In particular, the Elijah-Elisha narrative has often been read as consisting largely of two independent units, two cycles of traditions. The Elijah-Elisha narrative is indeed twofold-it clearly highlights two main prophets-but it is also a careful unity, as closely knit as Judges is now seen to be. Chapters are "The Unity of the Narrative (1 Kings 16:29-2 Kings 13)," "A Synthesis of the Primary History: Initial Comparison Quantity Analysis," "A Synthesis of the Primary History: A More Detailed Comparison," "A Reinterpretation of the Leading Scriptures," and "A Literary Model for the Gospels." Thomas L. Brodie, OP, has taught Hebrew Scriptures and New Testament in various institutions across the U.S. and in South Africa and is now teaching in his native Ireland. He is the author of several books and numerous articles on the Scriptures. "

The Sacred Bridge Eric Werner 1959 "This is the first full-length comparative study of the music of the Christian and Jewish liturgies. It is designed to show the liturgical and musical interdependence of Church and Synagogue during the first millennium of the Christian era and to highlight the series of cultural exchanges between East and West that occurred during those centuries. With a wealth of scholarly evidence, the author tells the story of the development of the Christian forms of worship, both Eastern and Roman. At the same time he explains the modifications made in Jewish ceremonies and rituals, in areas where Jews and Christians lived side by side, with resulting exchange in both directions, from Church to Synagogue as well as from Synagogue to Church. Professor Werner first examines Jewish practices of worship at the time of the beginnings of Christianity and then traces the spread and modifications of these ancient Jewish, and even pre-Jewish, conceptions of sacred music and ritual as they were adapted by various Christian groups. Historical, philological, and musicological scholarship is used to discover the complex interrelationship between Christian and Hebraic elements in prayer books, poetry and psalmody, hymns, devotional music, and all the other aspects of sacred liturgy. Professor Werner has used many sources previously neglected and has reexamined those already available. Scholars of theology, liturgy, and music, and historians as well, will find much that will stimulate further research, and all interested in the formation of the religions of the West will stand to profit from this scholarly work on the interplay of two great religious movements." --Jacket.
