5 Steps to a 5 : AP English Language Barbara Murphy 2001-12-10 ENGLISH LANGUAGE ENGLISH LITERATURE Grace Freedson, Series Editor An exciting new series of study guides that lets each student design a course of study pitched to his or her individual needs and learning style Each year, more than one million

U.S. high school students take one or more advanced placement (AP) exams, and, according to official projections, that number will continue to rise in the years ahead. That is because AP exams confer important benefits on those who do well on them. High AP scores are indispensable to gaining admission to most elite colleges. They provide students with a competitive edge when competing for grants and scholarships. And they allow students to bypass required university survey courses, saving on skyrocketing tuition fees. Designed to coincide perfectly with the most current AP exams, Five Steps to a 5 on the Advanced Placement Examinations guides contain several advanced features that set them above all competitors. Each guide is structured around an ingenious Five-Step Plan. The first step is to develop a study plan, the second builds knowledge, the third and fourth hone test-taking skills and strategies, and the fifth fosters the confidence students need to ace the tests. This flexible

study tool is also tailored to three types of students. For the more structured student there is a "Month-by-Month" approach that follows the school year and a "Calendar Countdown" approach that begins with the new year. For students who leave studying to the last minute "Basic Training" covers the basics in just four weeks. Other outstanding features include: Sample tests that closely simulate real exams Review material based on the contents of the most recent tests Icons highlighting important facts, vocabulary, and frequently-asked questions Boxed quotes offering advice from students who have aced the exams and from AP teachers and college professors Websites and links to valuable online test resources, along with author e-mail addresses for students with follow-up questions Authors who are either AP course instructors or exam developers

The Scarlet Letter R. Brigham Lampert 2013 This text provides teachers with a user-friendly field-tested guide to teaching one of the truly great American novels. Designed pragmatically with the AP English Literature exam as an end goal, includes dozens of ready-to-use assignments, prompts, quizzes, rubrics, and lesson plans, all aiding students' ultimate success.

Content Area Literacy John E. Readence 2004
The Reading/writing Connection Carol Booth Olson 2007 "This is an especially well-researched and documented text...the author's voice is one that is knowledgeable, yet does not intend to intimidate. She speaks to her audience as a dedicated professional to professional. I could only hope that my students would read and retain her words of wisdom." "-Anna L. Bolling, California State University-Stanislaus" "I haven't seen any books that come close to what Carol Olson has developed." "-Harry Noden, Kent State University" "The illustrations and

scanned-in documents make Booth-Olson's book readable, interesting, relevant, and real-life. These visuals from actual students help transform her ideas from theory into practice." "-Kathy Bussert-Webb, The University of Texas at Brownsville" "This is the only secondary text that I have found to explain and provide authentic examples of reading/writing workshop process. The activities are practical and motivating. Hurray for Olson." "-Donna Uebler, Bradley University" Now in its second edition, "The Reading/Writing Connection" features an array of individual reading and writing strategies, activities, and mini-lessons that teachers can implement in their classrooms. Well-respected author Carol Booth Olson extends far beyond most books intended for teachers of language arts by integrating reading and writing in creative, theory-based ways. Lauded by students and professors as a clear and straightforward text, this revised and updated edition includes plenty of material about teaching the writing

process and responding to literature, and provides examples of lessons that help readers learn specific strategies. Unique in its field, "The Reading/Writing Connection" provides student models at middle and high school levels in almost every chapter, illustrating actual student responses to reading and writing activities. The text is also rich with literary selections, giving teachers easy access to the literature featured in the activities and demonstration lessons. Features New to the Second Edition Extensive coverage of differentiated instruction for English Language Learners A new chapter entitled "Introducing Students to the Cognitive Strategies in Their Mental Tool Kits" that summarizes and clarifies students' use of cognitive strategies in their thinking An extensive and revised companion website that features reading and writing rubrics, student models, blackline masters of graphic organizers, and much more, available at www.ablongman.com/olson2e
