Science Fair Success Using the Internet

Marc Alan Rosner 2006 Shows you how to use the Internet to help create an exciting science fair project. Learn to e-mail experts, subscribe to newsgroups, gather data and search the Web.

Creating Science Fair Projects with Cool New Digital Tools

Susan Henneberg 2013-12-15 A science fair project is an opportunity for teens to choose a subject of interest, investigate it using the scientific method, and share their findings. While the scientific method never goes out of date, much about science fair research and presentation has changed with the advent of digital tools. Readers learn how they can use digital tools to brainstorm a question, research and take notes, collaborate with teammates, record and

organize data, and create presentations using multimedia. As required by the Common Core, readers learn to use technology to produce and publish their work and to collaborate with others.

Science Fair Projects for Elementary Schools Patricia Hachten Wee 1998 Offers step-by-step instructions for a hands-on learning experience for children in grades 2-5 who are doing science fair projects.
