[The Orphans of the Amazon](#) Abhiraj Gupta 2026-03-02 Joseph and Tercia never imagined that curiosity would lead them deep into the wild, untamed heart of the Amazon rainforest. What began as a daring adventure quickly turned into a fight for survival—where every day

brought new mysteries, dangers, and discoveries. From crafting their first makeshift tools to building farms on fertile soil, they carved out a life in the jungle. Along the way, they forged an unbreakable bond with Josia, a fearless jaguar, and Toseph, a strange hybrid creature of cat and dog who became their loyal partner. But the Amazon had more in store than survival. Hidden time capsules, ancient fossils, buried bunkers, and the wreckage of a long lost plane revealed pieces of history that tled their journey to Eduardo, a man whose secrets and treasures tested their loyalty and greed.

Through storms, wolf attacks, haunting caves, and the discovery of priceless riches, Joseph and Tercia faced the hardest questions of all: What is survival worth? What is family worth? And how much should one risk for treasure? Their final escape brought them bread, warmth, and recognition in the city—simple comforts they had once taken for granted. But even as reporters celebrated them as heroes, Joseph and Tercia knew the Amazon still held secrets, and their story was far from over.
