English for Competitive Examinations: (Includes Descriptive and Objective Tests) Wren & Martin 2021

This book has been designed by combining the goodness of the original Wren & Martin text, High School Grammar & Composition, and specialized content developed by a panel of competitive examination experts in the area of the English language. The USP is therefore adapting a classical text to the needs of the various admission and recruitment

competitive examination aspirants. Its exhaustive coverage ensures that virtually no competitive examination remains untouched. Students preparing for descriptive tests such as UPSC (Compulsory English and General English Papers of Main Exams) and state PCS examinations, Judicial Services examination, Indian Forest Service examination, Statistical Services and many other examinations in which subjective papers/tests are mandatory will find this book immensely useful. The book is also a boon for those students who are preparing for objective tests such as Banking and Insurance, SSC, UPSC preliminary, Defence Services, Law entrance, Business School entrance examinations, and many other admission and recruitment examinations. A unique feature of this book is demonstration of the connectedness of the concepts and their applications visually, with the help of arrows and pointers. The aspirant will also find questions from recent

examinations on virtually every page of the book. An index of examination-wise questions has been included so that the aspirant can choose the sections according to the targeted examination and focus more. Topic-wise distribution of questions in English examination papers - both descriptive and objective - will also help aspirants to undertake a very well directed test-prep program using the book.

Objective English, 4/e Edgar Thorpe 2011 The fourth edition of Objective English is a comprehensive test-preparation tool that helps the learner to methodically improve their skills for various competitive examinations. This book assists students in recognizing their weaknesses and enables them to eliminate them. Objective English also highlights learner's strengths in the process. This book activates, stimulates, and accelerates the learning process, while familiarizing the reader with current trends in questions. This carefully

structured and easy-to-read course explains the basic rules of English, and prepares students for examinations with the help of near-original test papers of recent examinations conducted by various bodies such as the UPSC, SSC, Banking Services, Railways Recruitment Boards, private corporate organizations, and central and state recruitment bodies. It is also an indispensable aid for preparing for the CDS, NDA, MBA, MCA, BCA, hotel management, law and NIFT/NID entrance examinations.

**Building English Vocabulary
with Etymology from Greek**

Book IV Peter Beaven

2017-05-04 Etymology is the study of word origins and development. It provides one of the easiest and most effective ways to build vocabulary, because knowledge of some common roots and prefixes makes possible the figuring out of new word meanings. English is compounded of several languages, primarily Anglo-Saxon (Germanic) and Latin. Their Latin influence persists notably in the names of English cities ending in "-caster" or "-chester," from the Latin "castra" meaning "encampment." This is the fourth book of a series that focuses on etymology from Latin and Greek. This book focuses on Greek roots. The texts are designed to aid in learning the definitions of specific, deconstructed words.

The meanings of a series of "reusable" classical prefixes and roots are presented that facilitate the deciphering of multiple related words.
