**The CD-ROM Directory 1996** Jim Ayre 1996

This 15th edition of a yearly report provides a guide to all CD-ROM and multimedia titles published. In addition to a full description of each title, the book contains the names and addresses of all the publishers and information providers.

**Lineages of European Political Thought** Cary

J. Nederman 2009-04 This book examines some of the salient historiographical and conceptual issues that animate current scholarly debates about the nature of the medieval contribution to modern Western political ideas

**Connect Plus Humanities Access Card for the Humanistic Tradition** Gloria K. Fiero

2001-10 The explosion of creativity that marked the European Renaissance provoked an unprecedented age of exploration and of cross-cultural encounter. From the depths of the Black Plague to the heights of Shakespeare's sonnets, book three of *The Humanistic Tradition* provides an exciting portrait of this period. In a compelling counterpoint to her description of the Renaissance, Fiero devotes a section to the cultures that came into increasing contact with the burgeoning West - the kingdoms of West Africa and the societies of North, Central, and South America.

**Illustrated History of Landscape Design**

Elizabeth Boultis 2010-02-08 A visual journey through the history of landscape design For thousands of years, people have altered the meaning of space by reshaping nature. As an art form, these architectural landscape creations are stamped with societal imprints unique to their environment and place in time. Illustrated History of Landscape Design takes an optical sweep of the iconic landscapes constructed throughout the ages. Organized by century and geographic region, this highly visual reference uses hundreds of masterful pen-and-ink drawings to show how historical context and cultural connections can illuminate today's design possibilities. This guide includes: Storyboards, case studies, and visual narratives to portray spaces Plan, section, and elevation drawings of key spaces Summaries of design concepts, principles, and vocabularies Historic

and contemporary works of art that illuminate a specific era Descriptions of how the landscape has been shaped over time in response to human need Directing both students and practitioners along a visually stimulating timeline, Illustrated History of Landscape Design is a valuable educational tool as well as an endless source of inspiration.
